At Champ Software, we believe in the power of community.

CHAMP *Software*

Who We Serve

Specifically designed for public health customers, we serve local public health agencies, home care agencies, and schools of nursing across the country.

Why Choose Us

Complete EHR charting for public health from intake to billing. Evidence-based outcomes. Scheduling. 100% time tracking.

Nightingale Notes™
by CHAMP Software

Champ Software's Nightingale Notes EHR makes all relevant public health information accessible in a single place. All authorized personnel can instantly see up-to-date, accurate information on individual clients, families, or an entire community.
