

Title: University of Florida BSN to PhD Program

Type: Accelerated degree

Location:

Gainesville, Florida

Organizations Involved:

University of Florida College of Nursing

Funding Source:

Student tuition and fees-University of Florida

Description:

The University of Florida offers an accelerated BSN to PhD program. Students move directly from undergraduate to graduate study and graduates are able to enter the field with more time to contribute to the nursing profession. The program allows students to be immersed in nursing education without requiring a period of employment between registered nurse licensure and graduate study. The program consists of 58-60 MSN degree credits and 62 PhD credits. It takes roughly four years to complete. See attached curriculum plan. Admission requirements include a baccalaureate degree in nursing from a nationally accredited program with a minimum nursing GPA of 3.5 on a 4.0 scale, Graduate Record Examination minimum scores of 600 or above on each of the verbal and quantitative sections, and eligibility for RN licensure in Florida.

Outcome:

E-mail in to contact regarding enrollment and recruitment tactics.

Modifications to Model:

N/A
