

Minutes  
HIE Workgroup  
November 20, 2008, 11:00 a.m.

**PARTICIPANTS:** Darrell Vanyo, Chad Peterson, Jon Linnell, Lisa Feldner, Howard Anderson, Lynette Dickson, Jeff Swank, Alan Okerson

	AGENDA ITEM	DISCUSSION	ACTION/DATE	KEY PERSON
1.	2009 HIT Legislation	Darrell referenced the HIE section of the ND HIT Steering Committee Minutes from November 6th. This section indicates the HIE group will be asked to create some kind of visual about where we are and where we would like to be. The visual will be used to present to legislators and others. Darrell suggested an image of the state to highlight which hospitals have EHR today. A second image could highlight all the hospitals in ND, which is the target goal for EHR in the future. Chad Peterson suggested another image highlighting the Tertiary Care facilities that are currently tied to Crucial Access Hospitals for health information exchange.	Lynette Dickson has the information for this, so will take care of creating the visuals.	Lynette Dickson
		The next discussion item centered around using the survey results to estimate what it would cost to get all ND facilities up to speed with EHR by 2015.	Chad Peterson will work with Alan Okerson, and Lynette Dickson on these estimates.	Chad Peterson Alan Okerson Lynette Dickson
		The HIE Section also reference the state of Nebraska is leading the connection of all the state facilities using health information exchange and interoperability. There was a group (Axolotl) who talked to Jamestown physicians and Craig Hewitt told them they should present to the HIT Steering Committee. Craig Hewitt was going to contact them to setup a demo for a future meeting.	More to come when Craig sets up the demo.	Craig Hewitt

		The Communication/Education section of the ND HIT Steering Committee Meeting minutes from November 6 <sup>th</sup> , were referenced regarding developing an HIT 101 Demo for legislators.	Chad Peterson, Alan Okerson, and Howard Anderson will assist Lynette in putting this demo together	Chad Peterson Alan Okerson Howard Anderson Lynette Dickson
<b>2.</b>	Next meeting date	Darrell has a conflict with the Thursday, December 18th date, so our next conference call will be held on Wednesday, December 17 <sup>th</sup> at 11:00 a.m.
