SkillsUSA Prepares Students for Leadership in the Workplace

SkillsUSA is a national organization that serves trade, industrial, technical and health occupations students in high schools, career and technical centers, and colleges. It is a partnership of students, teachers and industry working together to ensure America has a skilled workforce.

SkillsUSA is committed to preparing students for leadership in the workplace through occupational and leadership competition and training. It provides quality education experiences for students in leadership, teamwork, citizenship, and character development, while building self-confidence, work attitudes and communication skills. It emphasizes total quality at work, high ethical standards, superior work skills, lifelong education, and pride in the dignity of work.

SkillsUSA also promotes understanding of the free enterprise system and involvement in community service activities. More than 1,000 corporations, trade associations and labor unions actively support *SkillsUSA* on the national level through financial contributions and involvement of their people in *SkillsUSA* activities.
