**Web:** www.jrmcnd.com

Jamestown Regional Medical Center was opened in 1935 by community leaders dedicated to provide the finest possible care to Stutsman county and the surrounding region. In 2008 the board of directors decided to build a new hospital that would provide the same compassionate care as Jamestown Regional Medical Center combined with the latest technology and efficiencies. Jamestown Regional Medical Center opened on July 31, 2011. JRMC is a nationally recognized, Thompson Reuters TOP 100 HOSPITAL, fully equipped and professionally staffed, 25-bed, Critical Access Hospital. JRMC serves as the hub for a group of dedicated resident and visiting physicians.

## Jamestown Regional Medical Center

Reverend W.W.A. Keller, Lutheran Pastor, and the first board of directors sold bonds as the Lutheran Charities Association of Central North Dakota. Gilbert Horton was hired as the design architect. Ground was broken on October 1, 1928.

On Wednesday, October 30, 1929, the cornerstone for the new hospital was laid in place. This was one day after a dramatic drop on Wall Street. Construction was slowed to allow for further fund raising.

Due to the perseverance of Reverend Keller and his board of trustees, some of whom are listed here, Reverend Joseph Johnson, Mr. A. Johnson, Mr. F. G. Koehn, Mr. J.G. Bunge, Reverend Ernst, Mr. E. Frey, Mr. A Foesch, Mr. Ben Gilbertson and Mr. F Koehn, the north wing of the main building opened six years later on September 25, 1935.

## Today

Jamestown Regional Medical Center opened on July 31, 2011 with the transfer of eight patients. The campus is on 50 acres just south of 494 at exit 256 S. A helipad sits between the hospital and freeway offering quick transfer to Trauma 1 and 2 hospitals. The hospital will be joined by a medical office building in mid 2012 on the west side of the facility.

## Recreation

Located in the valley where the James and Pipestem Rivers meet, Jamestown offers a variety of recreational opportunities: from summer activities such as fishing, hunting, and golfing to winter activities such as ice fishing, snowmobiling, and cross country skiing.

Jamestown is also home to The World's Largest Buffalo, the National Buffalo Museum, and the North Dakota Sports Hall of Fame. Jamestown offers something for everyone! Known as the "Pride of the Prairie", Jamestown extends friendly hospitality to all visitors. Whether touring the Frontier Village and viewing our live herd of buffalo, visiting our historical sites, or joining us for a tournament at one of our sporting complexes, we are sure you will enjoy Jamestown. A year-round vacation area, Jamestown also offers a variety of entertainment, excellent motel accommodations, and fine dining to make your visit an unforgettable experience.

This project is supported by the Medicare Rural Hospital Flexibility Grant Program at the Center for Rural Health, University of North Dakota School of Medicine & Health Sciences located in Grand Forks, North Dakota.
