Upon completion of this program, the learner will be able to:

- Describe the general process of agenda mapping in the motivational interviewing process
- Describe 3 components to agenda mapping
- Describe what to do when encountering a missing agenda or incomplete agenda
- List 2 ways to use agenda mapping in the motivational interviewing process

Who should attend?

All members of the healthcare team to include, but not limited to: physicians, NPs, PAs, nurses, behavioral health providers, social workers, pharmacists, medication assisted treatment (MAT) prescribing providers, and prescribing providers interested in becoming MAT providers.

Why attend? Because you will...

- Participate in case-based clinical discussions focused on the treatment of opioid use disorder.
- Gain up-to-date knowledge of opioid use disorder treatment through brief didactic presentations on topics of interest to learners.
- Improve your confidence in managing patients with opioid use disorder.
