

Addressing Substance Use Disorder in 2019: An Interprofessional Approach to Pain Management and Recovery

A Seven Part Series

Healthy Steps to Freedom

Date: May 22, 2019 • **Time:** 12:00 pm to 1:00 pm CST

Presenter: Anne Lindsay, PhD, MS • **Facilitator:** Dave Schmitz, MD

Link to register: https://und.qualtrics.com/jfe/form/SV_es9KTW30eydiXdP

Upon completion of this program, the learner will be able to:

1. Recognize the scope of the opioid and stimulant addiction problem directly affecting the young, reproductive age female
2. Recognize the major differences between men and women and identify unique characteristics that warrant gender-responsive addiction treatment for women
3. Recognize co-occurring disorders and unique barriers women must address for successful recovery

Who Should Attend?

All members of the healthcare team to include, but not limited to:

- Physicians, nurse practitioners, physician assistants, nurses, rehabilitation therapists, behavioral health providers, social workers, pharmacists, medication assisted treatment (MAT) prescribing providers, and prescribing providers interested in becoming MAT providers

Why Attend?

Because you will...

- Participate in case-based clinical discussions focused on the treatment of opioid use disorder.
- Gain up-to-date knowledge of opioid use disorder treatment through brief didactic presentations on topics of interest to learners
- Improve your confidence in managing patients with opioid use disorder
