

North Dakota Geriatric and Age-Friendly TeleECHO

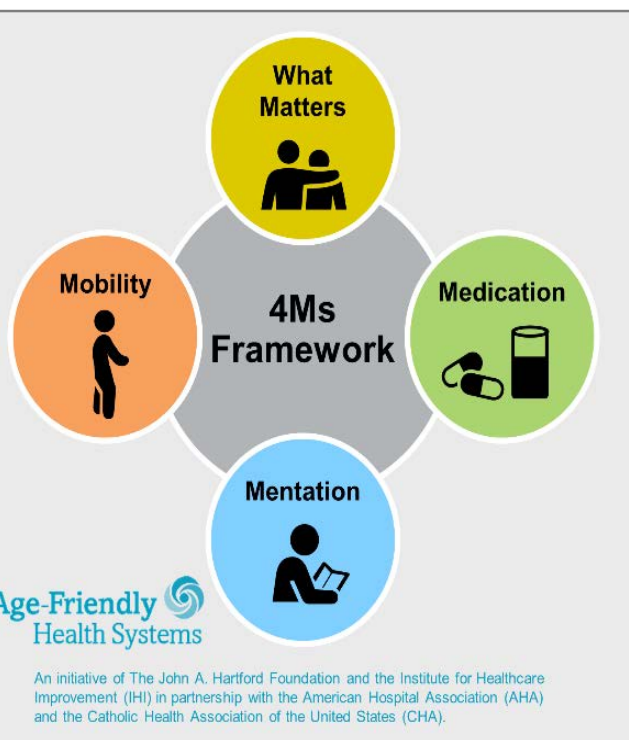

Join a virtual learning network with other Geriatric and Age-Friendly providers.

Second Tuesday of every month from 12:00 - 1:00 pm CST

Project ECHO Geriatric and Age Friendly Schedule

Go to <https://tinyurl.com/GeriatricECHO> to register

- 4/14/20: **Fall Risk Assessment & Management**
- 5/12/20: **Older Adult Safety Through De-prescribing**
- 6/9/20: **Minimum Cognitive Impairment**
- 7/14/20: **Beyond POLST**
- 8/11/20: **Prescription for Physical Activity**
- 9/8/20: **Medication Update**
- 10/13/20: **Depression in Older Adults**
- 11/10/20: **Decisional Making Capacity**
Schedule is subject to change

Learn about best practices and evidence-based care for your patients through didactic and case presentations:

- Learn about the key components of the **4Ms Framework**:
 - **What Matters**
 - **Medication**
 - **Mentation**
 - **Mobility**
- Improve geriatric care for older adults at their location.
- Present your de-identified cases for collaborative discussion and guidance.

The Geriatric and Age-Friendly TeleECHO offers:

- Free educational credits for health care professionals.
- Collaboration, support and ongoing learning with subject-matter experts and health care staff.
- New ways to support patients in their home community.
