

# North Dakota Area Health Education Center Health Workforce Program Highlight

## 4,123

AHEC Participants

North Dakota AHEC works to strengthen education and training networks among underserved community organizations, academic institutions, and rural healthcare facilities. Our goal is to expand pathways into health careers, support workforce distribution, and improve the quality and delivery of care in rural and underserved areas across the state.

## North Dakota HOSA

HOSA-Future Health Professionals exposes students to health careers and develops intent to pursue postsecondary education in primary healthcare professions.

### 3690

## AHEC Scholars

AHEC Scholars is a program developed in 2019 designed to prepare future health professionals with the leadership skills necessary to better serve disadvantaged populations in rural and medically underserved communities.

## 108

AHEC Scholars Program Participants

- Medicine
- Physician Assistant
- Pharmacy
- Behavioral Health
- Advanced Practice Nurse, Nurse Practitioner
- Licensed Practical/Vocational Nurse
- Registered Nurse
- Physical Therapy
- Occupational Therapy
- Radiological Technician

### 65%

*of AHEC Scholars reported having a current employer in North Dakota*

## \$362,669

Dollars Utilized to Support Clinical Training in Rural/Underserved ND

## Continuing Education

CeRT is a live training course designed to acquire the knowledge and skills to practice and teach the science and art of stress resilience, specifically, the SMART program (Stress Management and Resiliency Training)

## 49

Certified Resiliency Trainers

The LandLogic Model Training Course equips the healthcare workforce to better address unique needs of farmers and ranchers. This approach strengthens providers ability to deliver behavioral health support that is both effective and grounded in the values and lived experiences of North Dakota's agricultural communities.
