

Project ECHO[®] Management of Opioid Use Disorder Clinic

“What is the Practice of a Buprenorphine Provider Like?”

To access this presentation, go to:

<https://med.und.edu/continuing-medical-education/online-courses.cfm>

Presented by

Amit Patel, MD, BrightView Health, Cincinnati, Ohio

Melissa Henke, MD, Heartview Foundation, Bismarck

Wendy Moore, MSN, APRN, FNP-C, Community Medical Services, Fargo

Robin Landwehr, DBH, LPCC, NCC, Valley Community Health Center, Grand Forks

Grant Lannoye, PA-C, Towner County Medical Center, Cando

Facilitator: Lisa Faust, MD

Upon completion of this program, the learner will be able to:

1. Identify the training and facility requirements of a buprenorphine practice.
2. Describe the elements of a successful buprenorphine induction.
3. Recognize team-based approaches to MAT.

Who should attend?

All members of the healthcare team to include, but not limited to: physicians, NPs, PAs, nurses, behavioral health providers, social workers, pharmacists, medication assisted treatment (MAT) prescribing providers, and prescribing providers interested in becoming MAT providers.

Why attend? Because you will...

- Participate in case-based clinical discussions focused on the treatment of opioid use disorder.
- Gain up-to-date knowledge of opioid use disorder treatment through brief didactic presentations on topics of interest to learners.
- Improve your confidence in managing patients with opioid use disorder.
