Scrubs Academy II is a four-day/three-night camp where high school students learn what it is like to be a health professional and see an array of healthcare professions that they may consider as a career. Students spend their days in various health facilities (Critical Access Hospitals, tertiaries, clinics, long term care and assisted living facilities, ambulances, treatment centers), enjoy fun activities in the evenings, and spend the night in the Minot State University dorms. Students have the opportunity to job shadow multiple professions during the course of the camp.
